

## **Nirali Mehta**

Nirali Mehta is founder and Director of PHARMA-STATS. She has more than 15 years of experience as a Biostatistician in the Pharmaceuticals industry.

In 2013, she brought an innovative training concept to bridge the Industry requirements and college education. PHARMA-STATS is only Institute in India, trains post-graduate Statistics students for pharmaceutical industry & CRO to help them to get the placement in Industry and research area. Students from more than 12 Universities in India are travelling to Ahmedabad for this curriculum. She has trained more than 120 students till date and running ahead with 100% placements.

She also delivers Statistical Consultancy Services and Corporate Training to the Pharmaceutical industry in Bioequivalence, Clinical Trials and SAS programming. PHARMA-STATS works with global clientele from India, USA, EU, Malaysia, China on statistical and clinical services. She has recently started a Biostatistician training and placements curriculum in China also. In addition, currently she is an active member of DSMB (Data Safety Monitoring Board) of Zydus Cadila.

Apart from research and industry work, she is associated with few schools in Ahmedabad where she voluntarily trains teachers and school staff for positive & constructive education.

Ms Mehta was lastly associated with Torrent Research Centre for 8-years. Prior to that, she has worked with Wockhardt pharmaceuticals, Sterling Hospitals, SAL Hospital, Gujarat Cancer and Research Institute and St. Xavier's College, Ahmedabad.

She is post graduate in Statistics from School of Sciences, Gujarat University. Her M.Phil. is in medical research and currently pursuing PhD in Drug Development from Gujarat University, Ahmedabad.

Ms. Mehta is passionate to motivate people addition to delivering subject concepts from a practical point of view.
